

# Khona Press 3 IN 1

vibbel

→  
TECHNICAL DATA SHEET

→  
REF. 0009361  
PRESSOTHERAPY +  
THERMOTHERAPY +  
ELECTROSTIMULATION

## TECHNICAL FEATURES

→

Length:	44 cm
Width:	31 cm
Height:	15 cm
Weight:	28 kg
Power:	350W
Frequency:	50 Hz
Voltage:	200-240 V

Touch screen for display and parameter control

## INCLUDES

→

### **Pressotherapy:**

- Time of treatment adjustment
- Time of inflation adjustment for each section from 1" to 15"
- 3 levels of pressure for treatment: minimum, medium, maximum
- 10 air outlets with separate adjustment. There is the possibility of cancelling the inflation of one or several sections of the suit and working only with the desired sections
- 4 pre-set work modes
- Suit: 2 boots, 2 legs, 2 arms and waist
- Mat and air pressure tubes

### **Thermotherapy:**

- 5 work sections:
  - Boot + leg (right)
  - Boot + leg (left)
  - Right arm
  - Left arm
  - Waist
- Time of treatment adjustment
- Temperature adjustment: from 35°C to 65°C at intervals of 3°C
- There is the possibility to cancel the operation of one or more sections

### **Electrostimulation:**

- Time of treatment adjustment
- 5 work areas
- Adjustment of pulse intensity for each section: from 1 to 15
- 4 pre-set work modes
- 10 round electrodes: 6 large / 4 small
- 10 elastic bands of different sizes
- There is the possibility to cancel the operation of one or more sections
