REF. H6602
HIGH-TEMPERATURE
STERILIZER

TECHNICAL FEATURES

Ø:	16 cm
Height:	16 cm
Weight:	0,65 kg
Power:	100 W
Frequency:	50/60Hz
Voltage:	220-240 V
Inner tank max. temperature:	175°C
Desinfection time:	20 seconds once sterilization temperature is reached.

INTENDED USE

- Sterilization of small instruments.

FUNCTIONS

- Sterilization system: high temperature with Quartz beads.

CERTIFICATIONS

- 2014/30/EU Electromagnetic Compatibility
- 2014/35/EU Low Voltage Directive
- 2011/65/EU Rohs
